Since 1978

**A Leading Stockist & Supplier of All  
Electrical & Industrial Materials**

## COMPANY PROFILE

Adwan Marketing Co. ( AMC ) has been a prime source of Electrical Materials & Test Instruments to the Saudi market since 1978 .

Having experience of serving the Electrical Construction Industries, Electrical Power Utilities, Instrumentation & Petrochemical Industries and Oil & Gas Industrial Projects as a Supplier of quality products.

AMC's professional services are extended to clients, contractors and consultants to keep them updated on all new developments and high-tech products. A team of qualified electrical engineers is on hand to help clients identify their electrical requirements and provide solutions

AMC has positioned itself to accept the challenges of the future. As a result, AMC was awarded the ISO 9002 certification in early 1999, and in 2013 was upgraded to the new 9001:2008 standard thus being the first company in it's category to achieve this certification in Saudi Arabia. The certification enforces our firm belief and commitment to provide quality service to our valued customers.

AMC has warehouses in Riyadh, Jeddah and Khobar. Each warehouse has its own adequate inventory of more than 21,000 line items in stock that are managed by an on-line computer network. the automated information system links all the branches and provides an efficient service for Sales, Purchase, Inventory Control. Invoicing & Products selection.

AMC is the source to get the required Electrical Materials and complete Technical Solutions to your needs with over 10,000 square meters of covered warehouse space & 5,000 square meters of paved storage area in each of the branches in Saudi Arabia. AMC carries a substantial inventory of Electrical, Industrial & Instrumentation Products. These stocks cover the supply requiremnts of many key contractors engaged in the development of Saudi's oil, gas Petrochemical and Industrial Sectors.
